- Proof of Residency
- Immunization Records

CAASPP Testing 3rd – 5th grade

Students will begin CAASPP Testing starting the last week in April running through mid May.

We encourage students to be well rested and have a good, well balanced breakfast. Please have your child(ren) at school on time to limit the interruptions during testing. Thank you for your efforts in setting your child up for success during State Testing!

April Showers, Brings May Flowers

We have all heard this saying but have we really took the time to understand how it could impact our day to day lives? Apart from the beautiful, spring flowers we get to look at this saying can be directly applied to the "showers" or difficulties that we face every day.

We all go through hardships, unexpected trials and difficulties but if we are able to gain strength, resilience and wisdom from these "showers" they can turn into something beautiful in our lives.

If your students need any help in managing and overcoming the "showers" of this life please do not hesitate to contact your Jaguar Counseling Team. Mr. Jim Thomason, School Counselor, and Ms. Melissa Smith, School Psychologist, are here to help!

You can request counseling services for your students through the Jackson Heights Elementary School website or the Counseling services brochure which is located in the front office lobby at the school. We can also direct you to community based agencies and resources.

Early Pick-up Reminder

Please remember to schedule all appointments for after school when possible. Students miss valuable learning time when they are picked up early from school. We understand that this is not always possible, but we appreciate your efforts!

Spring Break

NO SCHOOL
April 2nd - April 9th
