2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Jackson Heights Elementary is a Title 1 Elementary School that enjoys a school population that is economically, as well as multi-culturally, diverse. Our school serves approximately 430, TK-5th grade students, each of whom deserves the best possible educational experience we can provide. We actively promote a comprehensive model of college readiness to all students through a well-defined process for identifying and creating the six exceptional systems of a culture of universal achievement: collaboration, standards alignment, assessment, data analysis and interventions. Our goal is to promote a school environment where children, staff, and parents to work productively and effectively to support the success of each student.

The Jackson Heights Elementary School staff is a dedicated group of professionals who share the core belief that every child can succeed and reach his/her full potential. Our role is to provide an academic and behavioral supportive climate to make this possible. The Jackson Heights staff believes that we make the difference by creating an environment where all children can grow, develop and be successful.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	10	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	4.3	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks and core instructional curriculum throughout the district align to the California State Standards. Instructional materials for history-social studies and science have been updated to align to the most recent content area standards and are available to all teachers and students. One-to-one computing in our district allows every student access to instructional materials exclusively available in a digital format.

School Facility Conditions and Planned Improvements

Preventive maintenance is on-going to maintain the site's condition. Any areas rated poor are addressed in our master facilities plan. There are plans construct four new classrooms, a library and staff and student restroom during the 2023. This project is still ongoing. Currently, six portable classrooms and the library have been removed. In 2024, three more portable classrooms will be removed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	26	27	17	17	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The success of children depends heavily on the school community, parents, and extended community working together. The benefits of these partnerships are immeasurable. Communication between home and school is regular, two-way, and meaningful. Parents receive weekly updates and/or progress reports from the classroom teacher at least by trimester with up to daily based on students needs, monthly school calendars, weekly calls home, and newsletters. Official and classroom notices are sent home in English and Spanish. Parent conferences are held twice per year with follow-up meetings as needed. The School Messenger notification system is used regularly to distribute information via phone, email, and text to all families and staff members.

Parents play an integral role in assisting student learning. Parents are provided information regarding how they can foster learning at home, give homework assistance, and provide feedback to teachers. School sponsored workshops are held on a regular basis to assist parents in understanding how students can improve skills, get help when needed, meet class expectations, and perform well on assessments. Math night, Dr. Seuss Night, family game night, and many other events are held each year to provide opportunities for families to come learn and have fun together at Jackson Heights.

Parents are welcome in the school and their support and assistance are sought. Parents are full partners in decisions that affect children and families. Open dialogue, both formally and informally, is encouraged through an active School Site Council, English Learner Advisory Committee, District English Learner Advisory Committee, and Parent Teacher Club. Lastly, community resources are used to strengthen schools, families, and student learning. Jackson Heights Elementary School works in partnerships with local business and service groups (Baskin Robbins; Rotary; Wal-Mart.) to provide student incentives and rewards for academic and behavioral excellence. Our stakeholder groups meet on a monthly basis.

For more information on how to become more involved, contact Alethea Vazquez, Principal, or Linnzi Walsh, Assistant Principal, at (530) 527- 7150.

2023-24 School Safety Plan

To keep children safe, our school must be prepared to respond to a range of challenges, including natural disasters, procedures for dealing with man-made hazards and behavior issues. These procedures as well as policies, and intentional instruction in behavior and establishing positive connections help to promote a safe learning environment and are part the school's comprehensive safety plan.

The Comprehensive School Safety Plan (CSSP) is a key component of school safety and required by state law. Every year, the CSSP is reviewed and updated with the school site council or safety planning committee and in consultation with a law enforcement agency or other first responders. Key elements of the CSSP include strategies to create and maintain a positive school climate and promote school safety, including procedures for a range of emergencies. Drills are practiced and training is ongoing throughout the year.

District-wide we are committed to Positive Behavioral Interventions and Supports (PBIS) to address behavior and social emotional development of students to maintain safe learning environments for all. Teams annually evaluate and monitor the implementation of PBIS and social emotional learning instruction and data to identify safety plan goals. Safety plans are readily available to the public and can be accessed at the school's office or website. Date plan was last reviewed, updated and discussed by staff August 2023.

Fiscal Year 2022-23 Types of Services Funded

The district's general fund includes funding for:

- General Operations: salaries, benefits, services, and materials
- Special Education: programs offering appropriate, individualized instruction to students with special needs
- Transportation
- Maintenance and Operations
- Special Projects: any monies from agencies (federal or state) earmarked for specific programs, projects or services

Each school receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with bargaining units, and guidelines of outside funding sources. The School Site Council (SSC) meets approximately once a month to develop, implement, monitor, and evaluate the school plan for student achievement. School plans align with the district's Local Control Accountability Plan (LCAP). Parent representatives are elected to the School Site Council and serve two year terms. All parents are welcome and encouraged to attend these meetings to learn more about our school funding and academic goals.

Professional Development

Professional development and collaboration are important aspects for continual improvement for all, students and staff. Three full days are dedicated to professional learning or "inservice," which occur when students are not in attendance. Every Wednesday is an early dismissal day for students. During these afternoons teachers have both planning and collaboration time. In addition to this time, once a week, teachers collaborate in grade level Professional Learning Communities (PLC) utilizing the PLC process and the data analysis protocol to support teaching and learning. The PLC time occurs during the school day, while students attend specials classes such as PE, Art or STEM.

Professional development is delivered through workshop sessions, instructional coaching, and individual mentoring. New teachers attend orientation and curriculum training prior to the start of the school year. Instructional coaches provide job embedded professional learning and coaching cycles focused on student learning. New teachers are assigned a mentor as part of induction or as part of our district's "buddy mentor" program for teachers not yet eligible for induction.

This table displays the number of school days dedicated to staff development and continuous improvement.
